FOR IMMEDIATE RELEASE

CyberMetrics Corporation announces the release of GAGetrak Version 6.5, Calibration Management Software Solution

SCOTTSDALE, Arizona – September 20, 2007

CyberMetrics Corporation, a leading provider of calibration management and supplier quality management software solutions, is proud to announce the release of GAGetrak 6.5, Calibration Management Software Solution.

GAGetrak 6.5 is 40% faster than the previous version of the product (GAGetrak V6), providing customers with the confidence of owning the best and most current version of the #1 installed calibration management software solution in the world. GAGetrak 6.5 provides CyberMetrics' customers with the tools to better manage workloads, minimize overtime costs, maintain production schedules, achieve standards compliance and ensure customer approval and satisfaction.

In addition to speed and functionality improvements, GAGetrak 6.5 provides customers with the following benefits:

- Gage R&R (MSA Third Edition Suite)
- 21 CFR Part 11 Compliant
- Microsoft SQL Server Compatible
- Calibration Procedure History
- Customizable Program Messages, Field Labels, & Reports
- Group Level Security & Passwords
- Windows Vista Compatible
- PDA Compatible
- Training, implementation and support services
